This booklet is about the notorious Coronavirus COVID-19. This respiratory virus has become a media sensation since late November 2019. This virus has infected 76,936 persons and killed 2,462 victims as at February 29, 2020 (Center for Disease Control, 2020).

This text contains three further segments. The next section provides historical context. It discusses post 2000 epidemics and pandemics that bear similarities to the Coronavirus 'crisis'.

The following segment examines theories about what/who caused the Coronavirus and why.

In a world of fake news, fake elite university research and mass government disinformation, it is near-impossible for independents to fathom these questions. The combinations and permutations of plausible scenarios is mind-

boggling. The Heads of State of America and China may be uncertain of these critical issues.

Trump's Tweets may offer the most authentic intelligence about this quagmire. On the balance of probabilities, COVID-19 is yet another Deep State False Flag. Its goal may aim to justify the inevitable Mother of all Global Financial Resets – on terms advantageous to their toxic New World Order, One World Government agenda as overseen by Royals, Rothschilds and Rome.

Coronavirus

patents.justia.com/patent/10130701

Jul 23, 2015 - THE PIRBRIGHT INSTITUTE

The present invention provides a live, attenuated coronavirus comprising a variant replicase gene encoding polyproteins comprising a mutation in one or more of non-structural protein(s) (nsp)-10, nsp-14, nsp-15 or nsp-16. The coronavirus may be used as a vaccine for treating and/or preventing a disease, such as infectious bronchitis, in a subject.

What the fairy-tale are these websites dated 2015 about?

Please conduct your own research to draw free-willed conclusions.

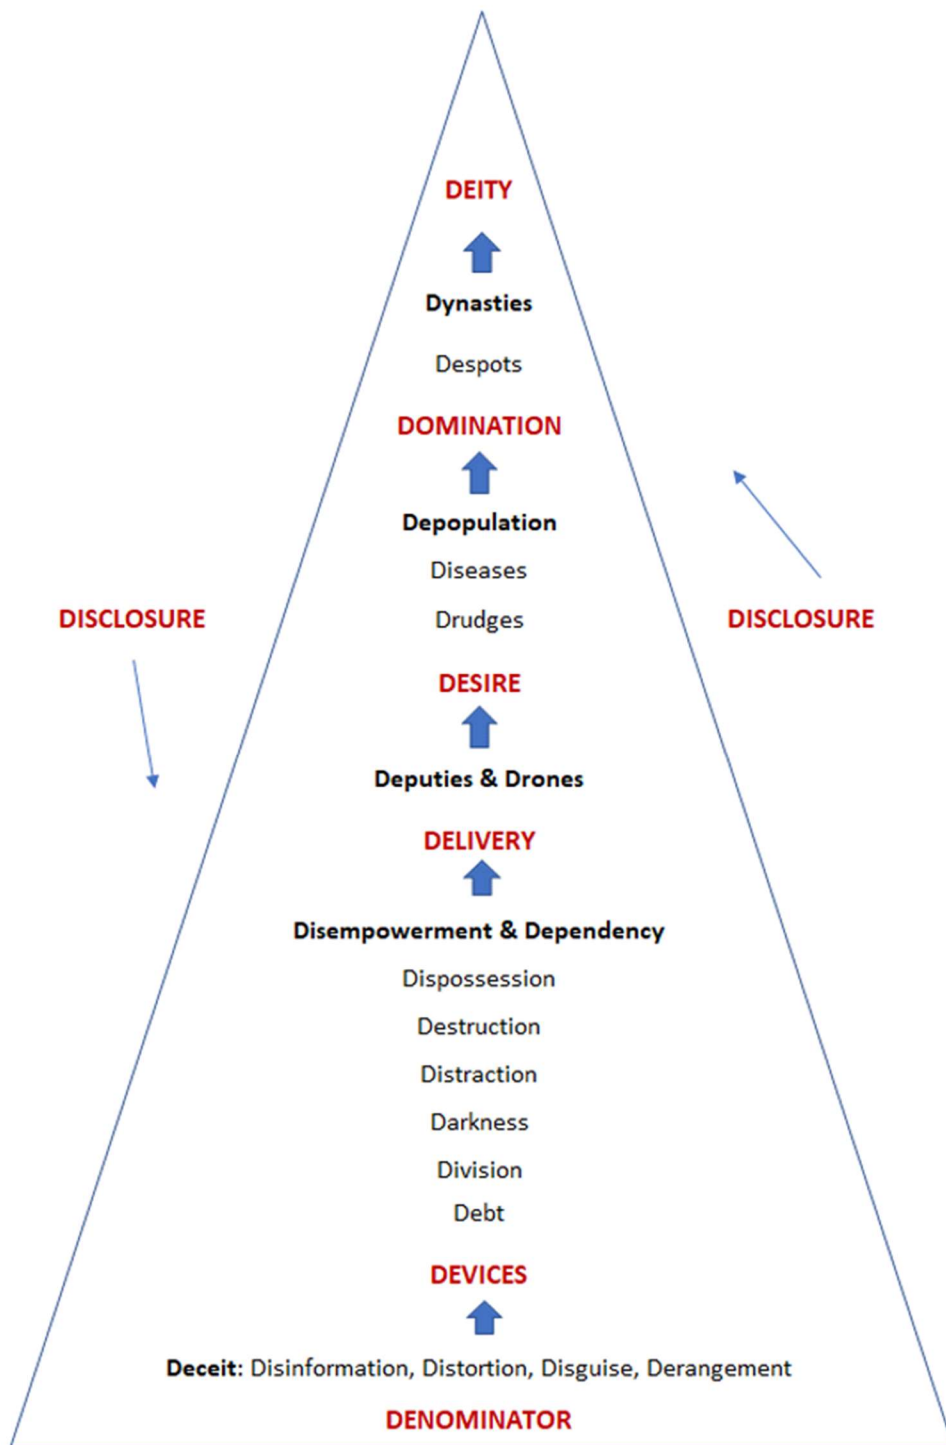

This author's body of open-access (free) works argues that the global fiat, usurious financial system is on the brink of collapse. This argument is not original. My Deep State centric articulation of this argument is. Readers may access this thesis at the link in the references section.

It is a remarkable coincidence that the Mockingbird fake news corporate media (CNN, Fox, ABC *et al.*) are aggressively pushing the Coronavirus crisis as the SWIFT Global Financial System is imploding.

Based on historical experiences, and prior research, I surmise that the fake news corporate media are likely propagating another false flag distraction agenda. Look over here people – and don't look over there. 'Here' is the Coronavirus scam. 'There' is the staged collapse.

Empirics

Here we go again. Does this Coronavirus feel like déjà vu poo poo to you? The MK Ultra fake news corporate media are experts at threatening the masses into believing that the sky is about to fall in – one way or another. Imminent: global war, asteroid collisions, climate change catastrophes – the sick list goes on (Jericho, 2019d).

These media extracts overleaf may provide you with a point-of-reference to refresh your memory

and conduct further research. Ridiculously over-hyped borderline fake epidemics and pandemics are classic Deep State Playbook 101 ‘fear porn’ tactics (Jericho, 2019, p. 45).

Fake News Mafia Godfather, Rupert Murdoch, and his NewsCorp Dark Empire is brainwashing the masses to fear that all *circa* 8 billion people on our planet are going to contract the Coronavirus. This extreme outcome has never been reported by orthodox historical narratives. Journalists are masters of verbs and adjectives. ‘All’ and ‘none’ are rare extremes.

Expert warns we will all get the coronavirus

A top coronavirus expert has warned it’s “inevitable” every country will be hit by the deadly disease, with another claiming it could be “with us for life”.

Alle McMahon

FEBRUARY 28, 2020 12:25PM

An ‘expert’ is just a person who supports the speaker’s or writer’s view. A ‘critic’ is their opposite.

An Australian virologist at the forefront of coronavirus testing has warned “we’re all going to get infected” with coronavirus “at some point”.

Associate Professor Ian Mackay from the University of Queensland also warned on Thursday that the virus could be “with us for life”, he told *The Australian*.

“It doesn’t look like this virus is ever going to go back in its box.”

Prof Mackay said the virus would become impossible to avoid.

“At some point in the coming months or years we’re all going to get infected because we’ve all been infected by these other endemic viruses,” he said.

“We already have four of these coronaviruses, mostly causing colds. We get them every year. They peak during winter but they still move around between us during the rest of the year as well. So it’s likely this might become one of those.”

Whose opinion do you hold in higher regard – a university professor or a senior medical doctor specializing in respiratory infections based at a major hospital Emergency Department?

2005

Do you recall the Avian Bird Flu (H5N1 *et al.*) pandemic that occurred about 15 years ago? As usual, mass media hysteria threatened humanity that global chaos and doom was imminent.

Fear and paranoia often take hold when a disease threatens to become an epidemic. Dr. Marc K. Siegel is the author of the new book *Bird Flu: Everything You Need to Know About the Next Pandemic*.

2009

In terms of media overhype, the Swine Flu (H1N1) pandemic was a replay of Avian Bird Flu. To this author, it is not surprising that 'THE EDITORS' of Deep State fake news dirtball – *The New York Times*, felt the need to co-publish an opinion piece that makes prominent the adjective 'Panic' in their title. Furthermore, it is predictable to see them cite the fake science depopulation crime agency that masquerades by the respectable proper noun the World Health Organization.

Swine Flu: A Cause for Panic? *The New York Times*

The World Health Organization [raised its global alert level for the swine flu on Monday](#), as Mexican officials reported that the death toll from the outbreak had reached 149. In the United States, the number of people sickened by the virus reached 50 (with 28 cases in one New York City school), though officials said that none of the cases were serious. Amid travel advisories and health warnings, how worried should Americans be that the disease might turn into a far more serious epidemic?

Et al.

She then asks if he would like 'to color something', to which he replies: 'I already did', and points to an apocalyptic drawing of a dead Bart surrounded by blood and bodies with the sun and clouds appearing to cry.

The Bird Flu and Swine Flu pandemics are probably the two most memorable global panics propagated by mainstream fake news media in recent decades.

Other panics that concern human made and/or naturally occurring bio-crises include the:

- Mad Cow Disease (Creutzfeldt–Jakob) outbreak during the early 1990s
- West Nile Virus outbreak in 2003
- Ebola Virus outbreak in 2014
- Zika Virus outbreak in 2016.

Deep State Disney (1997) used predictive programming in 1997 to MK Ultra mind feed the masses that the Ebola outbreak was forthcoming. Right, George? What an evil looking clown.

America

This author's body of works dated 2019 theorizes that the Deep State crime cartel plan to reset the Global Financial System on their terms. Under the post January 2017 World Order, the Deep State includes all major global powerbrokers, minus America's patriotic defenders. In the broadest sense, this cartel is spearheaded by the Venetian Black Nobility, which includes their private bankers, the Rothschild crime family. The House of Windsor crime family and the European Union Dictatorship (Berlin) are subordinate to the Venetian Black Sun Nobility.

GLOBAL WORLD ORDER IN FLUX: MARCH 2020

Donald Trump is the only Head of State who fearlessly uses the adjective 'fake news' to describe corporate media. His administration is not subordinate to the Black Sun cartel that owns this media syndicate. President Trump's outspoken Tweets about the Coronavirus are worthy of analysis. May you freely and independently validate their authenticity and purpose.

Possibilities

This author avoids dealing in hypotheticals as a rule. Why torture yourself over the thousands of permutations and combinations that may never transpire? Unfolding 'crises' are an exception.

On the balance of probabilities, at least one of these overlapping entities are involved in the creation and/or dissemination of the Coronavirus. These may include rogue or authorized actors.

Low intelligence agencies: MI6, Mossad, CIA, KGB, Ministry State Security (China), VAJA (Iran).

Clandestine biowarfare agencies: CDC, Wuhan Laboratory, Swiss 'Medical Research' Institutes.

Fake universities *e.g.* Harvard, Sydney, Cambridge, Moscow, Beijing, ETH Zurich, McGill.

Governments: America, Israel, China, Russia, UK, EU, Vatican, Rome, Switzerland, Iran.

Crime families: House of Orange, House of Windsor, Rothschilds, Venetians.

This list of names above accounts for nothing. They are the same boring usual suspects that appear in local, national, regional and global human engineered Order out of Chaos false flag fables. The utility of this list may inform some readers that it is near-impossible for virtually all people to decipher false flags. It is plausible that only a core team of a dozen or so puppet masters have full oversight of who, what, when, where, why and how. For example, junior scientists who are told they are producing vaccines may not know that they are producing biowarfare tech.

Rogues

Some false flags are masterminded by lone wolves (extremely rare) or small clandestine teams. Projects of major significance, such as HAARP hurricanes may be activated by a small team. In virtually all cases, sign-off is authorized by an apex entity such as a **senior European Royal**. These illustration extracts below are merely points of inquiry for curious researchers.

Harvard University Professor and Two Chinese Nationals Charged in Three Separate China Related Cases

The Department of Justice announced today that the Chair of Harvard University's Chemistry and Chemical Biology Department and two Chinese nationals have been charged in connection with aiding the People's Republic of China.

Dr. Charles Lieber, 60, Chair of the Department of Chemistry and Chemical Biology at Harvard University, was arrested this morning and charged by criminal complaint with one count of making a materially false, fictitious and fraudulent statement. Lieber will appear this afternoon before Magistrate Judge Marianne B. Bowler in federal court in Boston, Massachusetts.

Yanqing Ye, 29, a Chinese national, was charged in an indictment today with one count each of visa fraud, making false statements, acting as an agent of a foreign government and conspiracy. Ye is currently in China.

Zaosong Zheng, 30, a Chinese national, was arrested on Dec. 10, 2019, at Boston's Logan International Airport and charged by criminal complaint with attempting to smuggle 21 vials of biological research to China. On Jan. 21, 2020, Zheng was indicted on one count of smuggling goods from the United States and one count of making false, fictitious or fraudulent statements. He has been detained since Dec. 30, 2019.

Is this what they call 'Blood Money' in certain cultures? *Time* may tell. As reported by the usual Deep State fake news rags. Maybe they can donate some money to covert cardiac arrest projects.

Deep State engineered crises, such as biowarfare, usually pursue multiple agendas. Please consider these benefits to the Deep State from HAARP human-made hurricanes.

1. Order of out chaos – Fearful populations are more likely to follow government orders to evacuate to Emergency Settlement Camps.

2. Government reconstruction contracts can be awarded to corporate political donors.

3. Population reduction.

4. Government confiscation of affected lands that are deemed unsafe for human habitation.

The symbolism that underlies false flags often hides in plain sight. This author wonders how many people question why the Coronavirus (COVID-19) was patented as a merger of two nouns – ‘corona’ and ‘virus’. Corona is a word that is associated with crowns. Note that the Coronavirus was patented in America in 2015. Prior to the Trump Rebellion which began on January 20, 2017.

Those who are panicking about the Coronavirus need to chew a chill pill. The number of fatalities reported by government sources informs us that less people have died from Coronavirus than fatalities attributed to the seasonal flu. So-called fatality rates have not reached 10% of deaths attributable to seasonal influenza – in Asia and other regions (*e.g.* Bursztynsky, 2020).

Those who challenge fake news narratives, without fear or favor, are the sources who are deserving of our time and attention for critical-stakes issues.

To this author, Tweety Bird’s Tweets are worthy of special scrutiny – literally and cryptically. Answers to the Coronavirus enigma may exist in these sources.

Much of that criticism has come from rival Italian officials at the national level, no doubt concerned about Italy's blighted image — and their own — as the number of cases in the country has spiked to 650, with 17 deaths.

Cases possibly linked to Lombardy have appeared in Austria, Switzerland, and [the Canary Islands](#) of Spain, adding to the impression that the region is the European source in a new stage of global contagion.
